# Positive Youth Development

Mission: Supporting Oak Park/River Forest Youth in making choices that are alcohol and drug free

<http://www.oakparktownship.org/pyd>

# PYD Analysis Framework

- Problem statement:

*13% of 8<sup>th</sup> grade students report they have used alcohol in the past 30 days, 23% of 10<sup>th</sup> graders report past 30 day use, and 44% of 12<sup>th</sup> graders report past 30 day use*

*OVERALL- 27% of 8<sup>th</sup>-12<sup>th</sup> graders report they have used alcohol in the past 30 days\**

- Logic model(identifying key factors):

- Retail access
- Social access (provision by parents, provision by other adults, accessibility via parties)
- Permissive social norms (family norms, community norms, youth norms)
- Low perceived risk (low risk of harm, low risk of consequences)

- Baseline:

*Comparison to state overall results. Our community is eligible for the Federal Grant because our results have historically been higher than the state averages*

# 2016 & 2018 Contributing Factors Prioritization

Contributing Factors Prioritization for OPRF: 2016

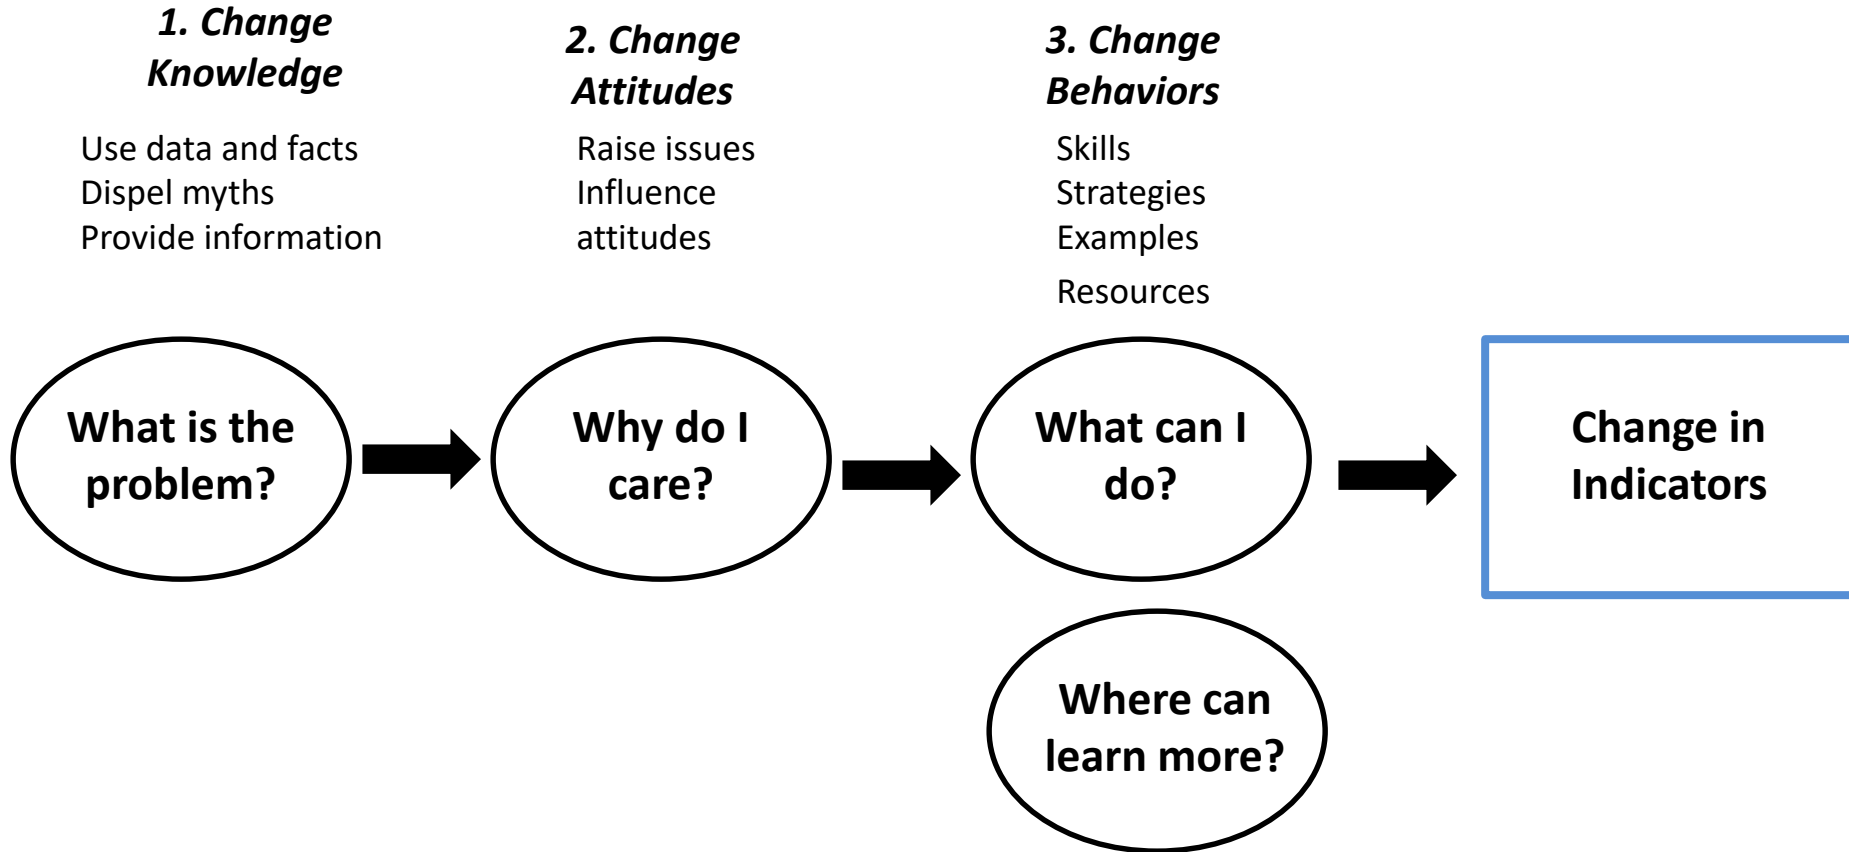

Rank	Sub-Factor	Contributing Factor

# The Growing Need

## Impact on persons with disease and caregivers

By 2025, the number of people age 65 and older with Alzheimer's disease and other dementias is estimated to reach 7.1 million — a 40 percent increase from the 5.1 million age 65 and older affected in 2015<sup>1</sup>

Nearly 60% of people with dementia live in their own community homes

## Caregivers and families

In 2014 caregivers provided 17.9 billion hours of unpaid care, averaging 22 hours per week and valued at \$217.7 billion annually

The physical and emotional impact of dementia caregiving is estimated to have resulted in \$9.7 billion in health care costs in the United States in 2014

**85%**

of all unpaid help provided to those with dementia comes from family members

## Business

\$34 billion annually is lost in revenue/productivity due to caregiving responsibilities<sup>2</sup>

## Cost to U.S. Society

- Total (estimated) payments in 2015 for Alzheimer's disease and related dementias: \$226 billion

# Dementia Friendly Illinois: Rationale

Building dementia friendly communities is of significant importance to the Illinois families and persons living with or at risk for dementia.

## Dementia Friendly Illinois: Rationale

- Almost 220,000 people in Illinois have dementia due to Alzheimer's disease.
- By 2025 the number will increase by 18% to 260,000 people.
- Each person with dementia has multiple informal caregivers -- another 588,000 persons living in Illinois are impacted by dementia.

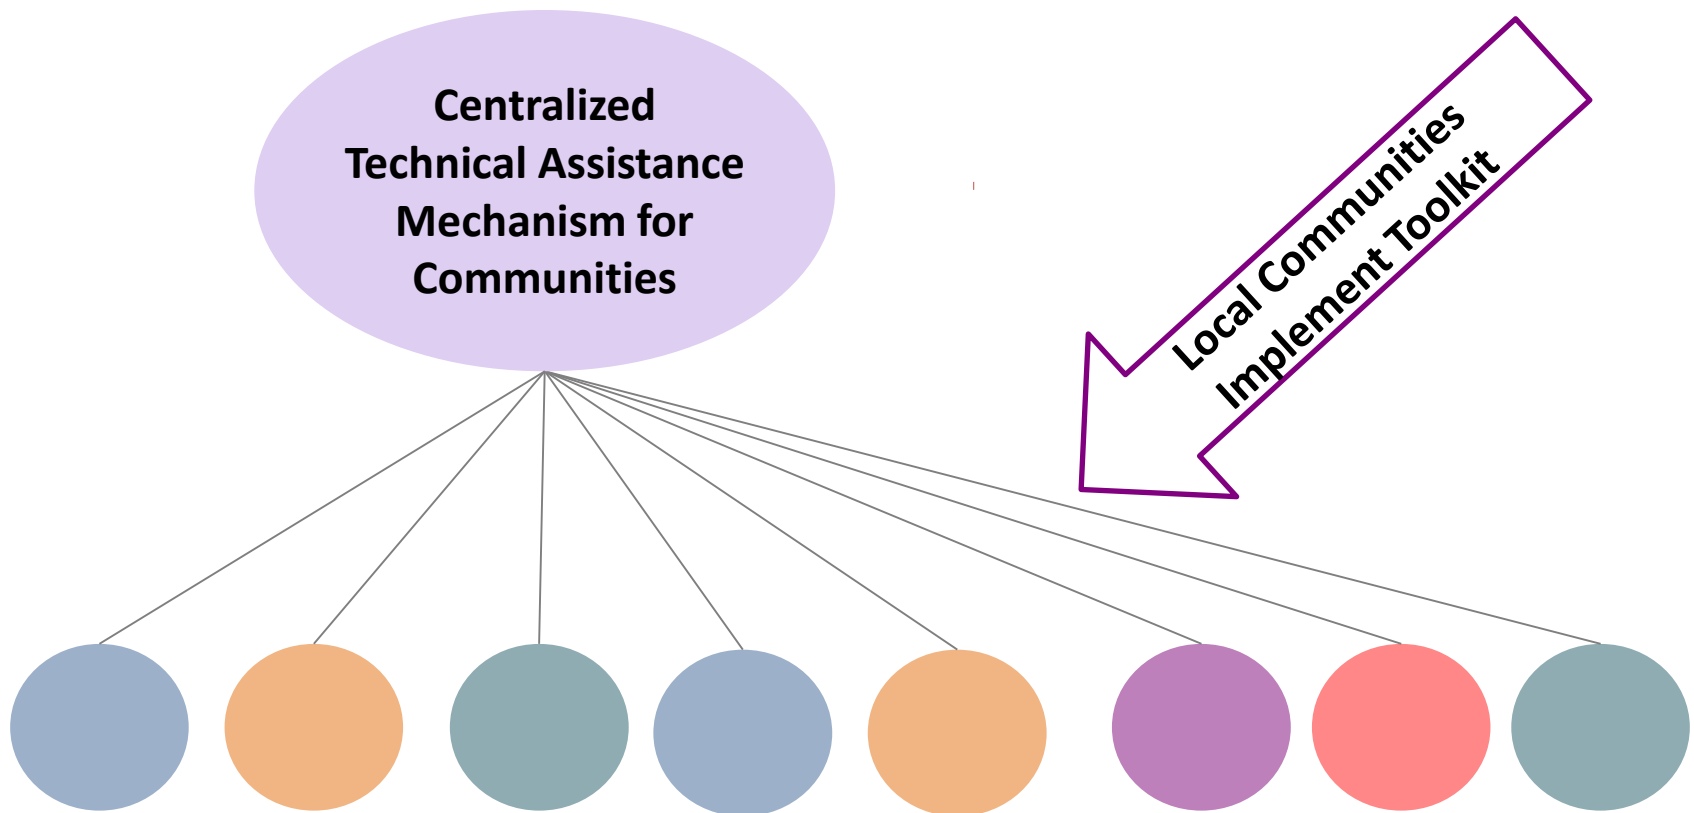

# Dementia Friendly Illinois: Rationale

- Every one of these individuals has to navigate through their communities.
- If they do not feel supported by their community, they start becoming isolated.
- Isolation leads to worsening well-being along with poor physical and mental health.

# Dementia Friendly Illinois: Approach

## Local community activation and toolkit implementation

# Dementia Friendly Illinois: The Action Team

# Dementia Friendly Illinois: Community Toolkit Phases

## 1 2 3 4

1. **Convene** key community leaders and members to understand dementia and its implications for your community. Then, form an Action Team.
2. **Engage** key leaders to assess current strengths and gaps in your community using a comprehensive engagement tool.
3. **Analyze** your community needs and determine the issues stakeholders are motivated to act on; then set community goals.
4. **ACT together** to establish implementation plans for your goals and identify ways to measure progress.

# Becoming a Dementia Friend

## Become a Friend

### Becoming a Dementia Friend

To become a Dementia Friend, you will watch an overview video that will provide you with information about dementia, how to recognize the signs of dementia and simple actions you can take to be a Dementia Friend and to personally contribute to making your community dementia friendly.

Once you have watched the overview video in its entirety, you will be prompted to select one of seven sector specific video shorts. In order to complete the Dementia Friends session, you need to watch at least 3 video shorts. We encourage you to select the sectors that are most relevant to your role in the community. Once you have viewed the overview and 3 video shorts you will be able to register as a Dementia Friend.

# Suspicious Incident-Attempted Carjacking

Above: A map showing the 500 block of Auvergne Place near Lake Street

Above: A male, approx. 5'9", black "ski mask", white hooded sweatshirt, blue jeans with tears in the legs, white gym shoes, armed with a handgun.

## Incident Summary

On January 7th, 2019, at 5:48pm, a resident was in their car in their driveway in the 500 block of Auvergne Place (near Lake Street) when a subject approached the driver-side door, pointed a handgun at the victim, and pulled on the door handle. The subject was described as an unknown male, approximately 5'9", wearing a full black "ski mask", white hooded sweatshirt, blue jeans with tears in the legs, and white gym shoes. The subject then ran northbound on Auvergne. The victim immediately called 911 and River Forest units searched the area but did not locate the subject.

If you are the victim of a carjacking, the safety of you and your passengers is the priority. Do not argue or fight with the carjacker. Leave the car and your belongings and call 911 immediately if your phone is on your person. If you can gather a description of the vehicle, offenders or suspects, please relay that information to the 911 dispatcher. But remember, your safety and the safety of your passengers come first!

As always, please call 911 to report any suspicious activity in your neighborhood.
